POST GRADUATE IN
ADVANCED PROJECT MANAGEMENT
“WEEKEND LIVE & ONLINE CLASSES”
Batch 34
ABOUT SPJIMR

S P Jain Institute of Management and Research (SPJIMR) is a leading school of management in the heart of India's financial centre, Mumbai. SPJIMR is a part of the Bharatiya Vidya Bhavan and functions as an autonomous institute with entrepreneurial agility. It consistently ranks amongst the top ten management institutes in India.

Inaugurated in 1981 by the then British Prime Minister, the Late Hon. Margaret Thatcher, SPJIMR’s mission is to Influence Practice and Promote Value-based Growth. It builds on this mission through pedagogic innovations and pioneering programmes, carving a distinctive path in management education.

SPJIMR has acquired the reputation of meeting societal needs of under-managed sectors by offering unique, purposeful and relevant initiatives.

ABOUT NULEARN

Welcome to Nulearn, an organization which carefully traces the needs of the individuals and organizations, and curates resources to meet their skill gaps. We take accountability for pouring our education system forward to the assistance of all our participants and providing best-in-class services. This is accomplished by our constant focus on quality, consistency, strength, career, value and customer service. We always exercise ethical business practices and maintain respect for every individual. Our State of the art LMS (Learning Management system) with cutting-edge features ensures a quality learning experience. The LMS combines the support of classroom learning with the flexibility of online Education.
ABOUT THE PROGRAMME

Today, it is widely recognized that there is a positive correlation between project employee training and certification in project management on the one hand, and project performance on the other. This positive correlation has been reinforced by paradigm shifts in globalization, advances in technology, the emergence of large and complex projects, focus on integration, innovative practices and networking. In today’s dynamic business environment, it is imperative that organizations manage their projects efficiently and effectively.

Though the responses of India’s corporate sector and management education Institutions are not as quick and comprehensive as expected, the current decade is likely a decade of “management by projects” in India.

In response to these challenges, SPJIMR offers a restructured, more relevant and value-added “Post Graduate in Advanced Project Management” (PG-APM) to managers extensively experienced in some specific project management activities and wanting to acquire a well-rounded holistic perspective on project management.

PROGRAMME OBJECTIVE

The programme primarily aims to help participants in understanding the globally recognized Framework for Project Management. Take up Accountability, Strategizing, Visualization, Planning, Scheduling, Monitoring and grow to higher level of decision making.

PERIODIC EVALUATION

Periodic evaluations have been built throughout the duration of the course in the form of a quiz, assessment, case studies, group discussions, and other objectives/subjective assessments. The evaluations are designed to ensure continuous student engagement and to encourage learning. Students who successfully clear the same along with the requisite attendance criteria will be awarded a certificate from SPJIMR. No separate grade sheet will be shared with the participants.

ONLINE CLASSES, CAMPUS VISIT NOT MANDATORY
LEARNING OUTCOMES

• Tools and frameworks necessary for competing in the current economy
• Design Thinking to drive actionable insights for enhancing employee experience in a way that mitigates employees’ concerns
• Analytics, digital transformation, coaching and mentoring, the gig economy, and candidate and employee transparency shaping the future of work — and how to build an HR action plan
• Talent acquisition and retention challenges in an increasingly competitive market
• Effective strategies for developing the workforce to meet urgent expectations for digital and leadership skills
• Check the pulse of employee preferences and learn how to shape rewards packages to motivate winning performance

SPJIMR is an authorized Registered Educational Provider (R.E.P) of the Project Management Institute (PMI)® USA, for the past 10 years and is doing a remarkable job in its continuing management education.
