Abhyudaya

Hastantaran 2023

July 30, 2023, was a special day at Abhyudaya. The air was thumping with expectation and excitement as senior mentors introduced Sitaras to their incoming mentors at "Meet Your Super Sitaras", an elegant entertainment event organized for the handover.

The event, planned over weeks, by first-year students, had former mentors and mentees candidly share their experiences and offer guidance to the incoming students.

The cherry on top was the "mentor-mentee-mapping" exercise, where new mentors hunted for their match while having fun making "Super Hero Watches" for one another out of Origami. They also learned about one another's interests and went clicking themselves in the "Instagram" booth set up to capture the rhapsody

Sitaras Vaibhavi shared her journey as a mentee with the PGDM and PGDM-BM students. Watch her inspiring story [here](#).
