Electives

Electives are grouped into various clusters. Clusters relate to specific themes which can be mapped to broad general management profiles. Each participant is required to choose one cluster of electives. Post selection of the cluster, participants have to select 3 electives from within a cluster.

The list of electives in each cluster is as follows:

	Operational Excellence Cluster	Innovation & Growth Cluster	General Management & Strategy Cluster
Elective courses	Cost Management with Lean Perspective	Design Thinking & Innovation	Strategy for Corporate Alliances
	International Finance	Corporate Entrepreneurship	Competitiveness: Firms & Locations
	Project & Operations Risk Management	Management Consulting	Change Management
	Technology & Enterprise Agility	Artificial Intelligence & Machine Learning	Business Intelligence & Analytics
